

Update to Covid restrictions from December 2nd

Several government guidance documents have been updated solely regarding local tier restrictions information. So the initial part of this document is the Tier2 (High) or Tier 3 (Very High) text to save you some searching. This is followed a Performing Arts local tier restrictions section followed by links to full guidance documents. Finally there is a link to the legislation at the end of this document which may help those who are finding the guidance too grey and want to make balanced decisions for activities that may fall somewhere in between the documents available.

Update to local tier information (Valid from 2nd December)

Across all tiers, everyone:

- must [wear a face covering](#) in most indoor public settings, unless they have an exemption
- should follow the [rules on meeting others safely](#)
- should attend school or college as normal, unless they are self-isolating. Schools, universities, colleges and early years settings remain open in all tiers
- should walk or cycle where possible, plan ahead and avoid busy times and routes when travelling
- must follow the gathering limits at their tier except for in specific settings and circumstances. These [exemptions are detailed at the end of this guidance](#)

Visits to care homes can take place with arrangements such as substantial screens, visiting pods, and window visits. Regular testing will be offered to up to 2 family members or friends per resident by Christmas, which – when combined with other infection-control measures such as PPE – will support indoor visits with physical contact. Detailed guidance will be published shortly.

All businesses and venues that are open are expected to follow [COVID-19 secure guidelines](#) to protect customers, visitors and workers. In all tiers, the following businesses and venues can remain open:

- essential and non-essential retail, including indoor and outdoor markets and car boot sales
- certain leisure and sporting facilities such as gyms, sports courts and facilities, leisure centres, fitness and dance studios, golf courses, swimming pools, riding centres, outdoor playgrounds – subject to relevant [social contact rules](#) in each tier. Indoor group activities and classes should not take place at tier 3
- personal care and close contact services such as hairdressers and barbers, beauty salons, tattoo parlours, nail salons, spas and beauty services, massage parlours and tanning salons

- public buildings, such as libraries, community centres and halls. They should not host events for private hire, such as birthday parties or most other social activities in tier 3
- allotments, recycling and waste centres, public toilets, car parks
- essential public services such as the NHS and medical services, courts, and jobcentre plus sites
- places of worship – communal worship can now resume, subject to relevant social contact rules in each tier

Everyone who can work from home should do so. Where people cannot do so – including, but not limited to, people who work in critical national infrastructure, construction, or manufacturing – they should continue to travel to their workplace. Public-sector employees working in essential services, including education settings, should continue to go into work where necessary.

As new parts of activity reopen within your facility it is worth keeping in touch with any changes to the NHS track and trace collection. There have been recent changes affecting Performing Arts and sport
